NOTARY'S JURAT

Susan Elizabeth Daniels appeared before me in person on this 19 day of October, 2009, in Mentor (city), Ohio (state), U S A (country) and having presented to me her driver's license and having been sworn by me duly under oath and having been admonished that she did so under penalty of perjury, she did then and there depose herself and give the above-listed statements in my presence in the form of his written affidavit.

Specifically but without limitation, Susan Elizabeth Daniels did in my presence

My Printed Name is: JAMES V. CORACORSO; my notarial commission or license expires on: 04/27/2012

further, I found an additional eight social security numbers. One of the numbers had (Deceased) behind it. I was able to find the name of the person the SSN actually belonged to and printed it from the Social Security Administration death index.

6. I researched social security numbers for Michelle Obama. When I ran her name, two different social security numbers appeared for her, including one that does not belong to her but is listed for her at 1600 Pennsylvania Ave., Washington, D.C.

Number (CONT)

The SSN issued to individuals was assigned from the sequence of numbers 01-9999-999999. This structure was in place until June 25, 2011. Beginning June 25, 2011 forward, this structure is no longer of any significance.

Prior to June 25, 2011, the first three digits of the SSN represented the area number. The area number was assigned to individuals based on the location of their birth. The area number was used for application for an original SSN card.

For administrative reasons, we assigned group numbers in the following sequence:

1. odd numbers from 01 through 99;
2. even numbers from 10 through 98;
3. even numbers from 02 through 08; and finally,

Prior to June 25, 2011, the last four digits of the SSN represented the serial number. The serial number represents a straight numerical series of numbers from 0001-9999 within each group.

Fuddy continues, "Enclosed please find two certified copies of your original Certificate of Live Birth. I have witnessed the copying of the certificate and attest to the authenticity of these copies."

12. On April 27th, 2011 the Governor of Hawaii, Neil Abercrombie, put out a press release supporting Fuddy's actions: "In 2001, the Hawaii State Department of Health began computer-generating vital statistics records. Since then, its longstanding policy and practice has been to issue and provide only the computer-

birth record included from the computer-generated document. This computer-generated document is also called a Certification of Live Birth not a Certificate of Live Birth, which is the reserved title for the original, long-term, birth certificate. This means that the computer generated document Obama posted on April 27, 2011, that has multiple typos and is titled a Certificate of Live Birth, can not be a scanned

photocopy of a computer-generated, long-term birth certificate as stated.

Attachment B

What I Discovered about Obama's Certificate of Live Birth and why it is a Forgery.

What the Obama administration released is a PDF image that they are trying to pass off as a Certificate Live Birth Long Form printed on green security paper by the County Health Department, but this form is a created forgery. Ironically the country has a lot to thank Mr. Donald Trump and Mr. Jerome Corsi and his new book, because they made President Obama's birth certificate a public issue which in turn forced the White House to produce this forgery to answer both of them. The Obama Certificate of Live Birth Long Form is a forgery for the following reasons.

1. **Curved and non-curved type.** The image we are looking at was scanned in grayscale and some part in binary which cannot be on the same image. The reason I know this is because of the shadowing along the gutter (left-hand side) is produced by scanning in grayscale. It also means that the county employee who did the original scanning of all the forms, did not take the individual pages out of the post binders. The result is that all the pages in that book display a parallax distorted image of the lines and type. They curve and drop down to the left. If you look at line 2 (Figure 3) on the form that says *Sex* you will notice the letters drop down one pixel but the typed word *Male* does not. Also notice the line just below *Male* drops down 3 pixels.

Figure 3. Line 2 of the form. Baseline differences.

The second incident of this parallax problem is seen in line 6c *Name of Hospital or Institution*. The word *Male* drops down 2 pixels but the typed hospital name *Kaplan* does not drop down at all, and again the line just below drops down 2 pixels, but not the name *Kaplan*.

The conclusion you must come to is that the typed in form was superimposed over an existing original Certificate of Live Birth form. In fact, when I found copies of the form, I found it in both binary and grayscale, the form itself is a composition but the person who created it did not flattened the image of the blank form and save it as one file before they started placing the typewritten text on the document form. The individual(s) who normalized this forgery could not evidently find a blank form in an online imaging database, so they were forced to create up scanning forms and creating the typewriter type we see here. The forger was also looking for certificates with the correct stamped dates and that is why I think they used more than one original form. At first I wondered why the forger didn't just use the same form from 1960s and 1970s, the type and the form were the same about the parallax problem. Then I remembered that in the early 1960s there was no phototypesetting and this form was set in hot metal from a linotype machine. The type design I think

Figure 9. An enlarged version of Figure 6 showing grayscale type.

Figure 10. Inverted image of Figure 2.

1. The *Obtain Certificate* is loaded with both binary and grayscale letters which is but another smoking gun that this form is a forgery. It appears the lines and some of the boxes were scanned using grayscale, but only some of the form headings were grayscale and sometimes it is only some letters. Figure 11 and Figure 12 give one example. You will notice that the *H* and *al* in *Hospital*, *I* in *Institution*, *H* and again the *h* and *I* in *hospital* were grayscale images, but the rest of the line is binary. The typewriter line below was scanned in as a binary image. I can also tell you for certainty that the form type was scanned in at a lower resolution (~200 dpi). This is because of the size of the pixels on the letters were such that the openings on the *v* and *s* on the first line are not visible and filled in. This may also further indicate that forger took some of the type images from the microfilmed copies.

not in hospital
not in hospital

As stated in #3 the last "1" on the form is a grayscale image but the rest of the numbers are not (Figure 14), again irrefutable proof that the Certificate number is a composite of two numbers and hence a forgery. This forgery comes under a separate offense and carries with it 5-years in prison [see Appendix D: Title 19, Ch.47, Sec. 1028(d)1].

The facts I have shown you in #3 and 4 tell me several things about how this forgery was assembled. 1. Some person(s) in the Health Department, who had access to the document imaging program, searched the database for someone close to the actual birth date of Obama and found someone near the 4th of August, if in fact he was born on the 4th and we should not assume that at all. Obama may have chosen the 4th of August because they had a baby who died close to his date of birth. The clerk may have crossed referenced the death database to find someone who had died and had a birth date close to Obama's. It has been reported that an infant girl named Virginia Sunahara was born on August 4, 1961 at Wahiawa Hospital in Wahiawa, Oahu, HI who died on August 5, 1961 at the Kapiolani Women and Children's Medical Center, due to complications. This happens to coincide with date of birth and birthplace of the Nordyke twins. We could make two assuming here. The first would be that the Wahiawa Hospital would have filled the COLD form as customary and mailed it to the County Health Department and the Kapiolani Medical Center would have filed out the death certificate. The other less probable would be that her medical records were transferred to Kapiolani Hospital and they would produce the birth certificate and later the death certificate was later included in the group of birth certificates that contained the Nordyke twins.

The Federal Government wanted the States to cross reference the birth and death databases so the database would have that information. The date stamps have two different colors and sizes (see #5 below) which indicates that both dates came from different Certificates. We can conclude from this that more than one person was involved in the Hawaii Department of Health to assemble the different components that were used and also do the database searches to find the right Certificates to create the fraudulent Certificate of Live Birth and finally someone who signed the fraudulent certificate. I believe that after all the components were assembled they were then given to a graphic artist to actually assemble the whole thing and create the finished forgery. That graphic artist could be found anywhere. In short this was a multi state conspiracy to defraud the United States.

Figure 15. Two different colors, dark green and black.

The same thing is found in form box 20 "Date Accepted by Local Reg." Figure 16 again shows that the date has two different colors. The "AUG 8 198" is in dark green (R-87, G-111, B-87) and the "1" is in black. Yet again another irrefutable proof this form is a forgery. Form box 17a displays

Other investigators have mentioned what looks like an italic "E" under the capital A in Alvin. In Figure 22 the same artifact does not appear. We have to assume either the artifact was already on the security image the forger used, and forgot to erase it, or it was placed there deliberately for some reason that we don't know yet.

8. Multiple layers in the PDF file from the White House. I am not the first one to find this fact and they deserve the credit for discovering it. What they discovered is that when you open up the PDF file in Adobe Reader and you click on the "Layers" button, you see a list of layers.

I discovered this fact just as Alvin was making a statement that I would also see the different layers in the PDF file. Civil Action:

Affidavit of John N. Sampson

1. My name is John N. Sampson. I am over 18 years of age, am of sound mind and free of any mental disease or psychological impairment of any kind or condition.
2. I am a citizen of the United States of America, I am 58 years old, and was born in Jackson Heights, Queens, New York and raised in the State of New York.
3. I am the Chief Executive Officer, Owner, and Operator, of CSI Consulting and Investigations LLC, a consulting and private investigative firm registered with the Secretary of State of Colorado as a Limited Liability Company pursuant to the laws of the State of Colorado. Colorado does not have any licensing requirements or provisions for private investigators.
4. I have personal knowledge of all of the facts and circumstances described herein and will testify in open court to all of the same.
5. On or about November 19, 2009, I was contacted by a person who is proceeding in the above-captioned matter regarding the "Barack Obama" a commercial database that I subscribe to.

which is located in the State of Massachusetts, and with whom I have a work agreement, and in pursuit of that I obtain any and all readily available information relative to U.S. Social Security Number 011-65-4425.

6. As a result of my order 16, 2008, pursuant to the aforementioned request by U.S. Social Security Number 011-65-4425, any and all readily available information relative to SSN 011-65-4425.

7. As a result of my inquiry, I came to learn that MARRECK HARRACK HUSKINS OBAMA, ARE listed THIS SOCIAL SECURITY NUMBER SINCE AT LEAST FROM JUNE 1, 1976 TO PRESENT. A DETAINED IDPOH WAS IN ORDER. I depend heavily on intelligence, past or present, history, and properly stated by the information and other related information to include, but not limited to, directly linked information, corporate numbers associated with Mr. Obama, and people possibly related to Mr. Obama.

8. This information was obtained pursuant to a background and possible search under the name agreement I have with the FBI. The request was made in connection with a pending civil action, which is one of the numerous possible purposes mentioned such as inquiry through the FBI, as well as a possible criminal violation of United States law, and possible future.

9. As a result of this search and the results that were obtained, on or about November 17, 2008, I discovered a number of records returned named "Karl Valentin" at <http://www.consolidation.com>. The information this site provided me was that SSN 011-65-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.

10. BASED UPON INFORMATION AND BELIEF, MARRECK HARRACK HUSKINS OBAMA HAS NEVER HAD A DIRECT CONNECTION WITH THE STATE OF CONNECTICUT AND HAS NEVER CLAIMED RESIDENCY IN THE STATE OF CONNECTICUT.

11. I am currently a law Enforcement Officer of the United States Department of Homeland Security, Immigration and Customs Enforcement (ICE) having joined on August 20, 2008.

12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC) located in Fanninville, Georgia, and advanced training received at FLETC in various New Mexico and elsewhere during my 17 year career, as well as my professional experience spanning 27 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant is currently residing and has their current residence.

13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Marreck Huskins Obama habitually resided solely within the State of Hawaii and was between the ages of 14 and 16 during the time period stated above. During this period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Robert and Nancy Obama in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as "Jim Russo", Operations Manager for LocatePlus, 100 Cummings Center, Suite 235M, Beverly, MA, 01915, requesting that I contact him regarding my account.

15. On or about February 3, 2010, I telephoned Mr. Russo at 978-921-2727, extension 319 and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "celebrity political figure" inquiry and wanted to know why I had done so and which permissible reason pursuant to the user agreement I was under with LocatePlus pertained to my making my inquiry.

16. I told Mr. Russo that I was a private investigator in the State of Colorado, that I had been tasked by Dr. Orly Taitz, an attorney in California who was prosecuting a civil suit involving Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appreciate it if I would send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political celebrity".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been tasked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He stated that he would like to receive such an email.

18. On or about February 4, 2010, Dr. Orly Taitz, at my request, sent Mr. Russo an email indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator, related to [REDACTED]

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 7, 2010, my account with LocatePlus has been frozen and I can no longer access this database despite the fact that I responded to their inquiries and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unlocked, unfrozen, and made available to me.

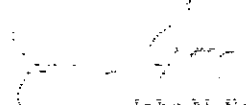

20. Despite all of this, as of March 6, 2010, my account remains frozen and I am unable to conduct legitimate, legal database searches in connection with my business. As a result, I am being financially harmed, unable to conduct legal, lawful, legitimate investigations pursuant to law, and unable to provide to my clients the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

21. It is undisputed information that "disclosure of a Social Security number is a direct violation of Title 42 United States Code, Section 405(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment or up to five years, or both."

10 I swear under the penalties of perjury that all the facts stated and circumstances described
above are true and correct to the best of my knowledge and belief.

11 I have not been compensated for making this affidavit.

Signed and executed in Aurora, Colorado on this 8 day of March, 2010.

Civil Action:

Affidavit of John N. Sampson

1. My name is John N. Sampson. I am over 18 years of age, am of sound mind and free of any mental disease or psychological impairment of any kind or condition.

2. I am a citizen of the United States of America, I am 58 years old, and was born in Jackson Heights, Queens, New York and raised in the State of New York.

3. I am the Chief Executive Officer, Owner, and Operator, of CSI Consulting and Investigations LLC, a consulting and private investigative firm registered with the Secretary of State of Colorado as a Limited Liability Company pursuant to the laws of the State of Colorado. The company was formed in the State of Colorado on January 2, 2009 and is in good standing with the Secretary of State of Colorado. Colorado does not have any licensing requirements or provisions for private investigators.

4. I have personal knowledge of all of the facts and circumstances described herein below and will testify in open court to all of the same.

5. On, or about, November 16, 2009, Orly Taitz, the attorney who is prosecuting the above captioned matter, requested that I access LocatePlus, a commercial database that I subscribe to,

which is located in the State of Massachusetts, and with whom I have a user agreement, and expected that I obtain any and all legally available information relating to U.S. Social Security number 042-68-4425.

6. On or about November 16, 2009, pursuant to the aforementioned request by Orly Taitz, I requested from Locantius, any and all legally obtainable information relating to SSN 042-68-4425.

7. As a result of this inquiry, I came to learn that Plaintiff Barack Hussein Obama, has used this Social Security number since at least from June 1, 1986 to present. A detailed report was generated showing family relationships, past residence history, real property owned by Mr. Obama, and other detailed information to include, but not limited to, driver's license information, telephone numbers associated with Mr. Obama, and people possibly related to Mr. Obama.

8. This information was obtained pursuant to a legitimate and permissible search under the user agreement I have with Locantius. This request was made in connection with a pending civil action, which is one of the expressed permissible purposes to conduct such an inquiry through Locantius, as well as a possible criminal violation of United States law, and possible fraud.

9. As a result of this search and the results that were obtained, on or about November 17, 2009, I accessed a public access database, named "SSN Validator" at <http://www.ssnvalidator.com/>. The information this site provided me was that SSN 042-68-4425 was issued by the Social Security Administration based upon an application filed for a Social Security Number in the State of Connecticut between the years 1976 and 1977.

10. Based upon information and belief, Plaintiff Barack Hussein Obama has never had a direct connection with the State of Connecticut and has never obtained residency in the State of Connecticut.

11. I am currently a member of the Department of Homeland Security, United States Department of Homeland Security, Immigration and Customs Enforcement (DHS ICE) having joined on August 30, 2008.

12. As a result of my formal training as an immigration officer, conducted at the Federal Law Enforcement Training Center (FLETC), located in Brunswick, Georgia, and advanced training received at DHS ICE in Arizona, New Mexico and elsewhere during my 37 years career, as well as my professional experience spanning 17 years of federal law enforcement, it is my knowledge and belief that Social Security Numbers can only be applied for in the State in which the applicant habitually resides and has their official residence.

13. During the period between January 1, 1976 and December 31, 1977 inclusive, it is my knowledge and belief that Barack Hussein Obama habitually resided solely within the State of Hawaii and was between the ages of 11 and 16 during the time period stated above. During that period of time, based upon information and belief, Mr. Obama resided with his maternal grandparents, Madelyn and Stanley Dunham in the State of Hawaii.

14. On or about February 2, 2010, I received an email from a person identifying himself as "Tom Russo" ("Russo") and requesting that I contact him regarding my account.

15. On or about February 3, 2010, I contacted Mr. Russo by email and inquired as to why he wished to discuss my account. At that time, Mr. Russo stated that LocatePlus had noticed I had conducted what he called a "extremely political figure" inquiry and asked if I could provide him with information regarding my inquiry. I was under the impression that I was under no obligation to provide him with any information.

16. I told Mr. Russo that I was a private investigator in the State of California and that I had been asked by the State of California to conduct an inquiry regarding the activities of Mr. Obama and that I had emails and other documentation that I could send him verifying that fact. Mr. Russo stated that he would appear in court if I could send that information to him which I did on or about February 3, 2010. He assured me at that time that if I were to provide this information to him it would resolve any "issues" LocatePlus may have regarding my inquiry into a "political gathering".

17. In the email I sent to Mr. Russo, I offered to have Dr. Taitz send him an email as well confirming the fact that I had been asked by her to conduct this inquiry pursuant to a pending civil suit in the United States District Court for the Central District of California. He asked that he would like to receive such an email.

18. On or about February 3, 2010, I received an email from a person identifying herself as "Dr. Taitz" indicating that she had requested me, in connection with the pending civil suit in California against Mr. Obama, to conduct research through the commercial databases I habitually use as a private investigator. [REDACTED]

19. Numerous emails have been exchanged between me and Mr. Russo due to the fact that as of February 3, 2010, my account with LocatePlus has been frozen and I am no longer able to access the database despite the fact that I requested to have my account unfrozen and have provided evidence to them indicating that I had followed the user agreement we have entered into. I have repeatedly asked that my account be unfrozen and made available to me.

20. Despite all of this, as of March 3, 2010, my account remains frozen and I am unable to conduct legitimate, legal business activities in connection with my business. As a result, I am being financially harmed, unable to continue legal investigations, unable to provide to my clients, the services they have contracted with me to provide, thereby subjecting me to possible civil litigation for failing to provide contracted services.

21. Based upon information and belief, misuse of a Social Security number is a direct violation of Title 18 United States Code, Section 1028(a)(7)(B), which is a federal felony punishable under Title 18 United States Code by fine or imprisonment or up to five years or both.

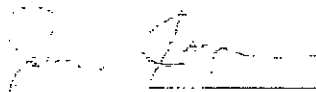

22 I swear under the penalties of perjury that all the facts stated and circumstances described above are true and correct to the best of my knowledge and belief.

25 I have not been compensated for making this affidavit.

Further, Affirm scyrib not.

Mr. Kenneth Allen
10055 E. Gray Hawk Drive
Tucson, AZ 85730

Dear Mr. Allen:

We have completed the review of all documents responsive to your Freedom of Information Act (FOIA) request of March 1, 2009, for records concerning individuals you have identified as "Stanley Ann Obama, aka Stanley Ann Dunham, aka Stanley Ann Smitson" and "Lolo Smitson."

We have identified 111 pages of documents responsive to your request. Enclosed are 83 pages which are released to you in their entirety, and six pages released in part. We are withholding seven pages in full. In our review of the aforementioned documents, we have determined that the redacted portions contain no reasonable segregable, non-exempt information. We have referred 16 pages to the U.S. Department of State for their direct response to you. All responsive information known to exist is hereby released to you with the exception of those portions that are exempt from disclosure pursuant to FOIA exemptions (b)(3) (as applied in conjunction with subsection 6103(a) of the Internal Revenue Code (IRC)) and (b)(6). See 5 U.S.C. §§ 552(b)(3) and (b)(6); IRC § 6103(a).

The following exemptions are applicable:

Freedom of Information Act, 5 U.S.C. § 552(b)(3) in conjunction with IRC § 6103(a)

Exemption (b)(3) provides protection for information specifically exempted from disclosure by statute, provided that such statute requires that the matters be withheld from the public in such a manner as to leave no discretion as to whether such withheld information or documents should be withheld or release in particular types of matter to be withheld. Exemption (b)(3) is being asserted in conjunction with subsection 6103(a) of the Internal Revenue Code (IRC § 6103(a)).

Subsection 6103(a) of the Internal Revenue Code states, generally, that no officer or employee of the United States shall disclose any "return" or "return information" (as those terms are defined by subsections 6103(b)(1) and (b)(4), respectively) obtained by him in any manner in connection with his service as such an officer or employee or otherwise or under the provisions of section 6103, except as authorized by the Internal Revenue Code. Subsection 6103(a) leaves the deciding agency official no alternative or discretion on the issue.

FOIA exemption (b)(3) is being asserted in conjunction with IRC § 6103(a) to protect certain return and return information found in a record responsive to your FOIA request. After meticulous analysis and review of the information, we have determined that the information is exempt from disclosure under FOIA exemption (b)(3) as applied in conjunction with subsection 6103(a) of the Internal Revenue Code. We are referring the matter to the U.S. Department of State for their direct response to you.
